

212/517

Listing of Claims

1. (original) A toy suitable for making bubbles comprising:
 - a container having an opening;
 - a container cap releasably attached to the opening of the container;
 - a bubble wand, having a shaft connected to a bubble loop, wherein the bubble wand is disposed within the container and wherein the bubble wand is releasably attached to the container cap; and
 - an ornamental figure attached to the bubble wand.
2. (original) The toy of claim 1 wherein the bubble loop has an ornamental shape.
3. (original) The toy of claim 1 wherein the shaft has an ornamental shape.
4. (original) The toy of claim 1 wherein the container is filled with a bubble mixture.
5. (original) The toy of claim 1 wherein the container is filled with a liquid soap suitable for producing bubbles.
6. (original) The toy of claim 1 wherein the ornamental figure has the shape of a fish.
7. (original) A toy suitable for making bubbles comprising:
 - a container having an opening;
 - a container cap releasably attached to the opening of the container;

212/517

a bubble wand, having a shaft connected to a bubble loop,
wherein the bubble wand is disposed within the container
and wherein the bubble wand is releasably attached to the
container cap; and

an ornamental figure fixedly attached to the bubble wand.

8. (original) The toy of claim 7 wherein the bubble loop has an
ornamental shape.

9. (original) The toy of claim 7 wherein the shaft has an
ornamental shape.

10. (original) The toy of claim 7 wherein the container is filled
with a bubble mixture.

11. (original) The toy of claim 7 wherein the container is filled
with a liquid soap suitable for producing bubbles.

12. (original) The toy of claim 7 wherein the ornamental figure
has the shape of a fish.
